CLEANER 400

Heavy Duty Liquid Cleaner

PRODUCT DESCRIPTION: Cleaner 400 is an alkaline cleaner formulated for use in spray washer operations. It incorporates a unique blend of surfactants and corrosion inhibitors that are stable over a wide temperature range and thus maintain their effectiveness. A high tolerance for contamination provides for sustained cleaning power and longer tank life. When parts are not rinsed, Cleaner 400 provides excellent short term corrosion inhibition. Cleaner 400 is especially suited for removal of light oils such as quenching oils. Cleaner 400 does not emulsify such oils but floats them to the solution surface for reclamation and recycling.

PROPERTIES:

Appearance: Light Yellow Liquid

Odor: Mild

Density: 9.3 lbs/gal

pH: 12.0 @ 1%

PRODUCT BENEFITS:

- Biodegradable
- Low to No Foam
- Splits out mineral oils
- Short term in-process corrosion protection
- Hard water compatible

USE PROCEDURE:

CONCENTRATION:	1% to 4% spray
TEMPERATURE:	140°F to 200°F
PROCESS METHOD:	Spray
CYCLE TIMES:	Varies with process and soil conditions

SAFETY: Do Not Ingest. Product may be harmful if swallowed. Cleaner 400 is an alkaline product and the concentrate may burn skin and eyes. Gloves and splash goggles should be worn when handling product. For full safety and first aid information consult Safety Data Sheet on this product prior to use.
