CLEANER 420

Heavy Duty Liquid Cleaner

PRODUCT DESCRIPTION: Cleaner 420 is a heavy duty liquid cleaner formulated for use in both spray washer and immersion tank operations. It incorporates a unique blend of surfactants and rust inhibitors that are stable in a high caustic media and thus maintain their cleaning effectiveness. Removal of heavy soils, rust, and paint are quickly accomplished due to highly active penetrating agents and sequestrants. A high tolerance for contamination provides for sustained cleaning power and longer tank life. When parts are not rinsed, Cleaner 420 provides excellent short term rust inhibition.
